

 COOMBE & SHARPE LANDSCAPING LIMITED	Environmental Policy	Ref No:	CS POL 02
		Issue No:	2
		Page Number:	Page 1 of 1
		Date of Issue:	19/07/2026

It is the policy of this company to contribute in an active manner to the protection of the environment and in doing so the company will employ the best techniques available without entailing excessive costs.

Our actions are to be governed by the following principles:

- To prevent pollution to land, air and water
- To comply with legislation, regulations and other applicable environmental requirements
- To minimize the environmental impact of the company's operations and its consumption of energy
- To commit to continual environmental improvement
- To communicate our intentions both internally and externally
- To review and revise this policy and relevant risk assessments as necessary at regular intervals but within no less than two years of the previous revision.

All personnel are empowered to monitor the environmental aspects of the operation and to report any incidents or non-compliances.
